Dear Postal Customer:

The enclosed was found to be either loose in the mails or damaged as a result of mechanical processing here at this postal facility.

We are fully aware that the mail you receive is important to you. Realizing this, each employee at the Fort Lauderdale Post Office is making every effort to expeditiously handle, without damage, each piece of mail with which he is entrusted. Nevertheless, an occasional mishap will occur. This facility handles an excess of three million pieces of mail daily. It is necessary, therefore, that highly sophisticated mechanical systems be employed by the Postal Service to ensure our customers of prompt delivery of their mails. At times, a malfunction will occur, the result of which is a damaged piece of mail.

We are constantly working to improve our processing methods so that these incidents will be eliminated. You can help us greatly in our efforts if you will continue to properly prepare and address each letter or parcel that you enter into the mailstream.

We appreciate your concern and sincerely regret any inconvenience you have experienced.

Chris Oronzio
