Over 200,000 individuals afflicted with Alzheimer's disease or dementia reside in South Florida. Many sufferers live for years after their diagnoses, placing increasingly intensive demands on families. Most caregivers are family members who take on considerable financial, physical and emotional burdens to care for their loved ones. For all the good intentions, the sufferers are often inadequately cared for because of the lack of knowledge and professional training of the caregivers, as well as the stress and exhaustion the caregivers inevitably experience. Harmony Home Memory Care Corp will seek to alleviate the hardships endured by those suffering of Alzheimer's disease or dementia, their families and their loved ones. It will accomplish this by providing dedicated and compassionate daily care and accommodations for the disabled and elderly. It will strive to educate the community about the plight of those suffering with Alzheimer's or dementia and their families. It will offer counselling services to help address the emotional pain caused to sufferers and families. It will allow both sufferers and family members to feel that they are not alone. It will seek to bridge the generational divide between the old and the young, thus improving that quality of life for the entire community.

This corporation will operate one or more facilities to provide private and semi-private accommodations, meals, activities, laundry, housekeeping and nursing care to those suffering with moderate to severe cognitive impairment who are no longer able to live alone or whose care level has become too overwhelming for loved ones to manage at home.
