Dear Mr. Kassees:

After I sent you my July 13, 2001 letter requesting that I be removed from the list of directors for the non-profit corporation Florida Youth Conservation Corps (FEI Number 65-0193322), it came to my attention that I was also listed as a director of the non-profit corporation Three-H Learning Center (FEI 650193322). I am writing this letter to inform you that I have never been nor will ever be a director of this corporation. I did not give authorization for my name to be added as a director. I was not installed as a board member nor have I ever attended any board meetings. I respectfully request that my name be removed from this filing immediately. If, as per your suggestion, I need to submit a resignation from this board for the technical reason of having my name removed from the list, please accept this letter as my resignation.

I appreciate your immediate attention to this request.

Yours truly,

A handwritten signature of Mike Fasano in black ink.
