Access To Life

Statement of purpose;

We are a group of people with varying disabilities who desire to go around the world. We project that this trip will take six months and will cover all seven continents. Our goals are multiple; to explore global handicapped accessibility, to generate funds for SCI & MS research, to test American made adaptive equipment and devices, to show and to increase the quality for those disabled, to be an example of empowerment, to research and provide a resource document for handicapped travel with tips and practical guidelines which would be distributed to all who request it, and finally to encourage all with disabilities world wide to live life to its fullest.

We project that our trip will begin in the year 2000 around August and we expect to return in January of 2001. These dates are subject to revision by participants and or sponsors as the need arises

We are looking for sponsorship to make this happen. Would you be willing to help and if so how? Word of your sponsorship will be carried world wide as will your logo.

Thank you so much for your time,
Sincerely,

Linda deFluiter
