All four stock powers are with original signatures of Patrick J. Jensen, the certified owner of the underlying shares and with the original medallion guaranty stamp and signatures as provided by an authorized representative of Huntington National Bank.

STATEMENT OF FACT

Patrick

We scan every medallion guarantee we receive to ensure its authenticity. We are able to scan both the ink and medallion ID number to verify the validity. The stock power we received was verified as a valid medallion guarantee. Please go through the appropriate legal steps to have the records changed. As previously mentioned, we will need legal documentation to change the current officers we have listed.

Thank you

HAVE THE ORIGINAL... I TOLD BRANDY ABOUT THE \$ ERROR ALMOST 3 WEEKS AGO!!

Amy I will get a local JUDGE to continue my process too. You cannot process a transaction on a copy. I have a NOTARIZED LETTER by my BANK attesting that I have the original medallion stamp stock power guarantee.... This is illegal to process changes on a copy.

It was a mistake. Fix it please... change the control block of 160,050,000 back into my name please Patrick J Jensen <--> FULLY RESTRICTED

I am including Jan Woo from the SEC SECT ON 11 on this email just so that she has a copy of this correspondence to you ((AMY and BRANDY)). She does not need to intervene...the SEC login codes are still in my name, Patrick J Jensen. The only email on file with the SEC is:

pjensen@myaccess-power.com

PLUS I filed a case this morning with FINRA TOO who is included in this email as well. I filed a CASE with FINRA this morning as we are processing a NAME CHANGE to Access Power Corporation.

We will be processing an amendment to Articles of INC with the State of Florida too

Best

Patrick ☺
