COMPANY OBJECTIVE:

We are a full service contractor including all structural repairs, contents cleaning and emergency repairs. We specialize in fire, water, windstorm and sinkhole damage.

We market potential business through insurance companies as a result of reported claims involving physical damages to property, residential or commercial. We strive to provide both prompt and quality service to both the Adjuster and his Company as well as their insured.

Our service standards include prompt response to the loss itself, providing the adjuster with the estimate within 24 hours following the inspection. Competitive pricing and quality workmanship.

QUALIFICATIONS:

Our staff has 38 years experience in the construction, contracting and estimating fields as well as a staff engineer. We currently have five estimators in the Orlando office all of who are available 24 hours. Our estimators have met the minimum company requirements of field experience and estimating experience.

Our staff is familiar with insurance losses and we make every effort to make a professional appearance to an insured and provide them with the same standard of service.

Enclosed is a sample copy of our estimates, our Price Guide and a sample of our WORK AUTHORIZATION. Please note our Work Authorization clearly states that we are independent of the insurance company and the homeowner has a choice of contractors for the repairs. As a State Certified Contractor, we meet all standards for licensing and insurance requirements.
