NATIVEGROUNDCOVER™ PRODUCT INFORMATION

Core Matrix™ Provides long lasting performance

High Lignin Coir Matrix™ fibers selected for their durability and moisture retention create a matting effect that won't float. When applied at 2 inches, a weed barrier forms, blocking sunlight to the soil while retaining moisture longer.

ColorSmart Technology™

Colorant developed exclusively for Amerigrow to provide a natural color enhanced earth tone appearance. This higher quality colorant applied to our Core Matrix™ fiber, protects it against fading far longer than ordinary mulch and pine products.

GREENSMART™ PRODUCTS-

Nativegroundcover™ Brown – rich brown color designed to show off tropical plant colors.

Nativegroundcover™ Red – a natural earth tone red.

Nativegroundcover™ Golden Cypress Colored - cypress replacement product with a fresh cypress look that has been enhanced to protect against fading.

Nativegroundcover™ PineStraw Brown™ – the look of pine straw that lasts for months.

Nativegroundcover™ Natural – a sustainable green budget friendly alternative.
