With his father's guidance and his own hard work and determination, Maximo Alvarez has built a successful business that has become a household name in the South Florida community. Although details have changed over the past years, the principles remain the same. Throughout 14 1/2 years, Sunshine Gasoline has provided the aid of former major oil company employees to contribute to the 10 best years of experience in the business. The company's success is the result of the company's leading edge and innovative spirit to the world of fuel and refining. Sunshine Gasoline has a reputation for its quality fuel and its ability to provide the best customer and business partners. Because of its innovative business, Maximo Alvarez has always believed in helping the community, as well as the industry in which he has spent most of his career. Mr. Alvarez has been involved in the Florida Petroleum Marketers Association and was elected Chairman of the Board in 2010 and conducted its Fall of Fall in 2009. He has worked closely with the Petroleum Council as a trustee and has been awarded awards for his work in helping the vision and the transport foundation in 2009. Maximo became a trustee of Pedro Pan Group, a non-profit organization for migrant children. In 2010, he was elected into the Board of Trustees of the Florida Department of Agriculture, Adam Putnam. Sunshine Gasoline has been a constant sponsor of Miami Children's Hospital and the Muscular Dystrophy Association. Mr. Alvarez's biggest dream was to establish a non-profit organization to help children in need. He worked his job to own 100 children. The Centro Hispano Cubano is a center for whole-brained children studies in honor of Monseñor Oscar A. Keith. Mr. Alvarez's strong belief in the philosophy that every generation must be better than the last. This philosophy is carried out by his action of generosity that began when he was 18 years old. From graduation to the charity that allowed him to be where he is today and proud of his success, he states, "I came to give back everything I have today. It would only be 10% of what was given to me."
