The School Board of Osceola County, FL recognizes that education of children is a process that involves a partnership between a child's parents, teachers, school administrators, and other school and School Board personnel. School and school district personnel will treat all visitors on School Board property with courtesy and respect. The School Board asks that visitors treat school and school district personnel with the same courtesy and respect.

1001.41 and 1001.43 FL Statutes, and School Board Policy 9.63 Civility and Orderly Conduct Among School District Employees, Parents, and the Public.

Dear Students and Parents:

The mission of the Osceola School District is to inspire all learners to reach their highest potential as responsible, productive citizens. To accomplish this, the school district has developed the Code of Student Conduct to help students, parents, and school personnel understand the guidelines for maintaining a safe and orderly learning environment. The Osceola County School Board expects students to conduct themselves with the greatest respect for self and others.

The 2017-2018 Code of Student Conduct is designed to provide expectations for student behavior in our schools, so that we can provide all students with an environment conducive to learning. Parents, please take the time to review this updated version of the Code of Student Conduct as it provides a framework for discussing with your children our district's values and policies to ensure a safe and productive academic school year. Of special importance is cyberbullying, which takes place using electronic technology such as cell phones, computers, and tablets, as well as communication tools including social media sites, text messages, chats, and websites. Examples of cyberbullying include, but not limited to mean text messages or emails, rumors sent by email or posted on social networking sites, and embarrassing pictures, videos, websites, or fake profiles. Please be aware that consequences for students who commit acts of cyberbullying or harassment may range from positive behavioral interventions up to and including suspension or expulsion as outlined in the Code of Student Conduct.

As we embark on a new school year, we invite you and your children to assist our district in making this year a success. Together with a strong working relationship with our students and parents, our school district will perform at its best.
