Arc Works

Year at a Glance

We provide a robust chain of employment services & financial literacy to help individuals achieve self-sufficiency.

SEARCH PARTNERSHIP | BROWARD | FINANCIAL LITERACY | TRAINING | SUPPORT | SERVICES | CONTACT

www.arcbroward.com

Arc Works provides the main point of access to programs supporting the economic realities and aspirations of individuals with disabilities. The goal of these services is to help participants obtain and maintain employment, complete post-secondary education or occupational skills training and increase knowledge of financial stability concepts and behaviors. Long-term engagement in these services ultimately allows participants to earn, keep and grow assets while remaining employed, out of poverty and achieving self-sufficiency.

Participants are required to take part in "bundled services" defined as selecting supports in at least two of the three service areas. Participants are also encouraged to receive "high intensity" services such as post-secondary education, occupational skills training, employment assistance or long-term job supports. Qualifying participants must have a documented disability, reside in Broward County, and have a desire to be financially stable. Referrals are accepted through the Social Security Administration.

AMERICAN DREAM EMPLOYMENT NETWORK OVERVIEW

American Dream Employment Network (ADEN) is a solution-oriented administrative Employment Network

WHAT IS THE TICKET TO WORK PROGRAM?

For individuals receiving Social Security Administration (SSA) disability benefits, the return to gainful employment can be complicated, and challenging. The Social Security Administration recognizes the challenges that beneficiaries face in returning to work and, as a result, are able to offer supports to individuals who have the goal of achieving financial self-sufficiency, through supports provided by the SSA's Ticket to Work program. Providers of services to SSA disability beneficiaries under the Ticket to Work program are known as Employment Networks (ENs).

WHAT IS ADEN?

ADEN is the first national administrative Employment Network providing face-to-face services to Ticket holders (known as Participants by ADEN) through a network of providers across the country called ADEN Members. ADEN provides supports to state and local Workforce Investment Boards (WIBs), community rehabilitation providers and other qualified and interested community partners across the country, by offering administrative solutions and ongoing training and technical assistance to its Members. ADEN also recognizes the importance of engaging employers in a meaningful way, and is focused on building a network of Employer Partners who are interested in diversifying their workforce by hiring qualified Participants. ADEN administrators are skilled EN operators and technical assistance providers with decades of experience running successful ENs.

WHY IS ADEN DIFFERENT?

ADEN is a division of National Disability Institute (NDI) whose mission is to provide a better economic future for Americans with disabilities. ADEN is interested in providing services that lead to the long-term financial stability of the Participants we serve. ADEN Members will offer the following core services to Participants:

- Career Counseling
- Social Security Work Incentives Advancement
- Job Search Supports
- Connection to Employers
- Money Management Resources
- Long-term Support on the Job
