Subject: G and Design of the State of Florida
Ref. #: W96000005000

In response to your letter dated March 6, 1996 (letter number 996A00010041), I requested information from the United States Patent and Trademark Office regarding federal registration numbers 1,462,229 and 1,106,277.

From information obtained over the telephone from their office and from documentation obtained from them, please note the following about the above service mark registrations:

Registration 1,462,229

This service mark is octagon-shaped, and does not include the design of the state of Florida. As shown in the attached information, it does not resemble my logo. In addition, Geldermann, Inc. provides "brokerage house services for stock, commodities and futures, and investment management services." These services are completely different from the services I provide.

Registration 1,106,277

This service mark is shaped like a rectangle with rounded edges, and does not include the design of the state of Florida. As shown in the attached information, it does not resemble my logo. In addition, Green International, Inc. provides "general construction services in the field of dams, highways and bridges, airports, power plants and earth work, and pipelines, and mining services for others." These services are completely different from the services I provide.

Based on the above information and the enclosed documentation, please reconsider my registration.

Sincerely,

Mark L. Griffin CPA
