Dear Mr. Stone:

Re: Florida Power & Light Company -
Charter Amendments.

Heretofore the Certificate of Incorporation of Florida Power & Light Company has been amended so as to authorize 4,850,000 shares of Preferred Stock of the Par Value of \$100 each (as a class distinguished from the 4 1/2% Preferred Stock and Series "A" Stock), issuable in series, the Board of Directors or the duly constituted Executive Committee of the Company to fix: (a) the number of shares to constitute each series and the distinctive designation thereof; (b) the annual rate or rates of dividends payable on shares of such series, and the date from which such dividends shall commence to accrue; and (c) the amount or amounts payable upon redemption thereof, and, subject to applicable provisions of the Certificate of Incorporation, as amended, the manner of effecting such redemption (See amendment filed in your office on May 15, 1972).

On November 15, 1972 the Board of Directors of the Company established a new series of Preferred Stock of the Company, designated "7.28% Preferred Stock, Series F", fixed the dividend rate for each share of the 7.28% Preferred Stock, Series F at \$7.28 per share per annum, cumulative from and after November 22, 1972, fixed the redemption prices for such shares and authorized the issue of 600,000 shares of such series. We attach hereto and mark Exhibit A a true copy of the Resolution adopted by such Board of Directors.

While the Florida Statutes make no provisions for filing with evidence of the action mentioned in the preceding paragraph and attached Exhibit A, we do wish to advise you of such action so that your corporate files with respect to Florida Power & Light Company will show the same.
