This request is in reference to the above subject matter. I, Shelby D. Goodman hereby state the following. At the inception of the Sherdavia Jenkins Foundation I advised Mr. David Jenkins, (Father) of Sherdavia L. Jenkins, 9 y.o. (Deceased) that I would assist in any way Possible . I further stated to Mr. Jenkins that I didn't want to become an Officer or hold any title To the Foundation if it was not set up and done legally and properly. I recently discovered that My name was listed on the Division of Corporations as " Director ". I was not asked to be the Director and furthermore I didn't attend any meeting whereas it was voted upon for me to be Director. It also troubled me that the aforementioned document was not active since early 2006. While I've always attended Court hearings, trials for those 2 individuals responsible for David Jenkins Daughter's death....I refuse to be a part of matters that for whatever reason Were not properly acted upon in the legal manner. If you have any questions please contact me at the above address. Thank you in advance for your assistance to this matter.
