More specifically, but not by way of limitation, the educational and scientific purposes of the Corporation shall include developing and operating one or more private secondary high schools, middle schools, elementary schools, and preschools, each with the purpose of providing formal instruction to a defined, regularly enrolled, group of students through the use of full-time and part-time duly and properly credentialed teachers and teaching assistants, with a formal curriculum focusing on both academic and scientific information. Each school shall operate at its own physical facilities and location, which may be owned or leased, within the State of Florida. The Corporation will maintain and publish an academic journal of student and teacher works of scientific or academic rigor and simultaneously encourage publication in external journals. No part of the net earnings of the Corporation shall
