Dear Mr. Gray:

Re: Winn & Lovett Greeary Company

Herewith find certificate of amendment to the charter of above Company. Kindly file and acknowledge this paper which is transmitted in order to conform to the provisics of Section 612.06, Florida Statutes 1941.

While this charter originally authorized an issue of only 210,000 shares of stock, while the amendment authorizes up to 500,000, there would appear to be no additional fees and taxes due under Jection 612.58 for the following reasons:

We estimate that the Company must have paid \$1580.00 at the time of its incorporation - the original authorization was for 10,000 shares of \$100.00 par value stock (Preferred); 100,000 shares of Class A no par value stock; 100,000 shares Class B no par value stock. Now the par value (Preferred) stock, as well as the Class A shares, have been retired and as you will observe the amendment provides for the Company to have only one class of stock, viz. Common without par value, of which 500,000 may be issued.

If the Compeny was now being organized with an authorized capital of 500,000 shares of common stock, without par value, we believe the taxes—and fees to be paid would aggregate \$1192.50, which is \$387.50 less than was originally paid. It is provided in Section 612.58 that upon amendment "all fees theretofore paid by said corporation with reference to the shares authorized prior to such amendment for consolidation shall be deducted."

At the time of receiving end filing this certificate of amendment you should apparently demand and
