Section 8. The Secretary of State shall mail statement as required in Section 4 to corporations of record subject to the provisions of this Act, giving notice of the time in which reports must be filed; provided, however, in case of any Florida corporation having been organized less than twelve months prior to July 1st of any year in which reports are due to be filed, the Secretary of State has been authorized to do business in Florida for less than twelve months at the time the report is due to be made and the tax is due to be paid, then in that event, the tax due for that year shall be pro-rated according to the number of months the corporation has been in existence or authorized to do business in this State.

Section 9. All statements required to be filed under this law shall be for the calendar year and shall be due to be filed on July first of such year and the tax payable thereon shall be due to be paid at that time.

Section 10. Any clause or section of this Act which, for any reason, may be held or declared invalid may be eliminated and the remaining portions thereof shall be and remain in full force and be valid in the same manner and to the same extent as if such invalid clause or section had not been incorporated therein.

Section 11. Any corporation paying the maximum fee herein provided for shall not be required to file any reports whatsoever as required by the provisions of this Act.

Section 12. No par value stock; valuation. In the event the shares of stock of any such corporation shall be no par value, then for the purposes of this law, each share shall be deemed or presumed to have value of at least one hundred dollars per share, which presumption may be overcome by actual proof submitted to the Secretary of State. For the purposes of this law the Secretary of State shall make such investigation as he may consider necessary and increase or decrease the value of no par value stock as he may determine to be correct from the proof submitted; and in so doing the Secretary of State may take into consideration all facts with reference to the fair market value of the stock included, the price for which the stock was sold and the surplus as part of the capital structure.
