11. The following table shows the number of people who have been convicted of a crime in the United States, by race and sex, from 1990 to 2000. The data are presented in the table below. The table is organized by race and sex, with the number of convictions in each category. The table is organized by race and sex, with the number of convictions in each category. The table is organized by race and sex, with the number of convictions in each category.

1990

1. The first group of variables includes the demographic characteristics of the respondents, such as age, gender, and education level. These variables are used to control for potential confounding factors that may influence the relationship between the independent and dependent variables.
