**Subject:** Incorrect EIN on file...

Good Morning,

During the course of a recent review of our records it was discovered that our Florida Registration information did not match the information that is currently being filed with the IRS on our annual tax returns. Specifically, the EIN on file with the Florida Department of State does not match the EIN on our tax returns.

After further review, both numbers are accurate and active with the IRS. However, for consistency we would like to correct the number filed with the Department of State to match the one currently being used for the filing of tax returns.

The relevant information is as follows:

Name: Benchmark Huntington at Sundance Associates L.P.  
Document #: A97000000821  
EIN on File: 91-1867341  
Correct EIN: 58-2304689

If you could please let me know how I can go about correcting this information with the Department of State, or if the information provided is enough, I would greatly appreciate it.

Sincerely,

*Joseph Hill*
