Re: Reinstatement of International Data Solutions of Jacksonville

Dear State Official;

International Data Solutions Inc. is a Computer Consulting firm, which provides Oracle database Administration, and support services to corporations throughout America. We provide services in the areas of:

- Oracle Database Administration
- Oracle Database development
- SQL programming
- Oracle Database Administration/Programming Training
- Unix System Administration

As a small minority business we try to provide services to many large corporations throughout the U.S. primarily through partnering with other companies.

The effect of September 11, 2001 devastated our business and almost forced us into bankruptcy.

In December 2001, we closed our office location at 1721 Blanding Boulevard and moved the office to home address and begun the painful task of shutting down and saying goodbye to our business. As time passed we realize that there maybe a thread of hope and we are now in the process of reviving our business. During this process we realized that the documents for filing our annual corporate report was not received nor was our report filed.

International Data Solutions Inc.,

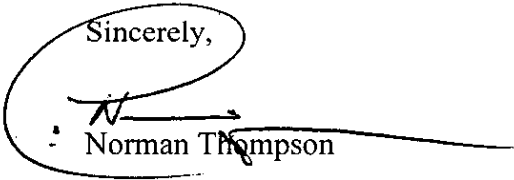

Page 2 of 2

Today, I am in the process of filing the return and am respectfully asking that the penalties be waived on the following grounds:

1. Economic hardship brought on by the September 11, 2001 terrorist attack, and
2. Not receiving the renewal paper in the mail.

Thank for your consideration and assistance in this matter.

Sincerely,

Norman Thompson

- President & CEO
