Project Cure, Inc.

STATEMENT OF PURPOSE

Lobbying -- Project Cure's lobbying program is directed at the White House and Congress, promoting four programs: The Alzheimer's Disease Fund, The Center of Advanced Heart Research, The National Diabetes Fund and the The Prostate Cancer Fund. At the core of each of these programs is the basic premise that America's health care system, which is geared toward serving the interests of health care providers, must be radically altered to serve the interest of the American public. These programs encourage citizens to communicate their views to lawmakers via petitions, letters, phone calls and personal visits. Meetings with lawmakers and their aides are also conducted to discuss pertinent health issues and legislation.

Education -- Information regarding heart disease, Alzheimer disease, diabetes and prostate cancer treatments are disseminated to the public via letters, brochures, printed material, radio and television presentations, and participation in seminars, workshops and debates. Health care providers, media and others interested in expanding their knowledge in these areas are provided educational information in an effort to broaden the base of research looking into new cutting edge treatments.
