## Statement of Fact

February 19, 2021

My name is Paul David Levitan and I reside at 14441 SW 94th Avenue, Miami, FL, 33176. Through a series of correspondences I received from and then conversations with The Florida Department of State, Division of Corporations, I learned that a business had been opened in my name using my home address and my signature, which had been forged.

400360968954

The name of the business is GOLDGAME MANUFACTURING CORP INC.

I later learned that another business FRAB DESIGN INC. had been opened in my name and address.

I am a retired dentist and I want to state categorically that I have nothing to do with either of these two business identities nor any other business. I am in the process of dealing with this identity theft, notifying the proper authorities and agencies.
