RE: ContiInsurance Agency, Inc.  
Your Ref # F96000006699

To Whom It May Concern:

I am in receipt of your June 22, 2000 letter returning ContiInsurance's annual report/uniform business report. Your letter requests an additional \$400 late fee.

On April 20, 2000 I sent your office \$150 and the information for the reports on letterhead since I did not have your form. This was returned to me by your office with a May 25, 2000 letter (copy enclosed). This letter advises that I had 30 days from the date of the letter to file the report on the correct form in order to avoid the penalty.

On June 15, 2000, I did file the reports on the correct form. Therefore, since you had the information and fee since April, and I complied with your May 25, 2000 letter, I do not believe that I should be required to pay the \$400 late fee.

In addition, I am confused by your June 22, 2000 letter since it also states that I have 30 days to submit the corrected report to avoid paying the \$400 late fee, even though the only purpose of the letter that I can decipher is to request the late fee. Is there something else insufficient with the report?

Please send any additional correspondence concerning this issue to my attention. I can be reached at 215-347-3414, fax 215-347-3400.

Sincerely,

Patrick M. Cannon  
Compliance Manager
