ARTICLE V

The Company shall adopt an operating agreement that conforms to these Articles by unanimous consent of the initial members ("Operating Agreement"). The Operating Agreement shall always be construed to conform to these Articles or, if any paragraph or section of the Operating Agreement cannot be reasonably construed to conform to these Articles, each offensive paragraph and/or section of the Operating Agreement shall be stricken as if it had never been adopted into the Operating Agreement so that the Operating Agreement conforms to these Articles. ARTICLE VII

The membership interests in the Company shall be of one class, each membership interest maintaining voting rights proportional to the Member's membership interest. Equity, profits and losses shall be allocated and distributed in accordance with the Operating Agreement.

Except because of the provisions governing the admittance of new Members by unanimous vote and subject to the Member shortfall provisions of these Articles and the Operating Agreement, each Member shall have preemptive rights to purchase membership interests in cash pro rata based on the Member's proportional voting rights pursuant to any offering by the Company.

The membership interests shall have no further rights or preferences other than those specifically mandated by the Florida Limited Liability Company Act or as otherwise specified in these Articles or the Operating Agreement.

The membership interests shall be limited in that all membership interests, including every portion thereof, shall be subject to the Company's right of first refusal ("Right of First Refusal"). This Right of First Refusal provides that all membership interests must be offered to the Company before sale or other transfer to any other person or entity, whether then a Member or not, under the exact terms of the proposed sale or transfer, so long as the proposed sale or transfer is at Fair Market Value, as defined infra. Where the proposed sale or transfer of the membership interests is not at Fair Market Value, as defined infra, the Company, at Company's option, may substitute the price terms with Fair Market Value, as defined infra, or, if Fair Market Value, as defined infra, is not readily available, then book value calculated in accordance with generally accepted accounting principles. "Fair Market Value" means the price a particular property item will bring when offered for sale by a willing seller to a willing buyer in an arm's length transaction, neither being obliged to buy or sell.

If adopted by the Members, the membership interests may be further limited by encumbrances arising from the Member shortfall provisions of the Operating Agreement.

The membership interests shall have no other limitations other than those specifically mandated by the Florida Limited Liability Company Act or as specified in these Articles or the Operating Agreement.

ARTICLE VIII

In accordance with the distribution rules of the Operating Agreement, the Company shall distribute to the Members, prior to the fifteenth (15th) day of the third (3rd) month following the close of the Company's taxable year, or as soon thereafter as determined in accordance with the Internal Revenue Code of 1986, as amended, ("IRC"), ("Tax Distribution Date") the lesser of (i) the Net Cash Flow, as defined infra, if any; and (ii) the collective distributive share, as defined by and calculated in accordance with the IRC, of all the Members multiplied by the highest income tax rate set forth in IRC 1 ("Tax Distribution"). The Members may forego or reduce the Tax Distribution for any particular Tax Distribution Date upon the unanimous vote, or unanimous, written, affirmative consent, of all of the Members within thirty (30) days of the particular Tax Distribution Date for which the Members consider foregoing or reducing a Tax Distribution; but, the Tax Distribution requirements of this Article shall never be waived, estopped or otherwise prevented by any preceding election by the Members to forego or reduce a Tax Distribution. "Net Cash Flow" means the lesser of (i) the net change of the Company's cash balances during the prior taxable year calculated in accordance with generally accepted accounting principles; and (ii) the Company's cash balances at the end of the year, less reasonable reserves for working capital and projected cash requirements, including projected expenses and contingent liabilities, but not including capital investments and reinvestments that are not necessary to the Company as a going concern, all calculated in accordance with generally accepted accounting principles as limited by the IRC.

ARTICLE IX

The Company shall exist in perpetuity, unless dissolved pursuant to the Florida Limited Liability Company Act or as provided in the Operating Agreement.

ARTICLE X
