## Article V- Distribution of Membership Units

Each of the following investors and or managers in Gatorbuyback.com, L.L.C. will receive membership units that are proportional to the amount of capital and or time that they invest in Gatorbuyback.com, LLC. Each membership unit corresponds to 1% of equity in the company. Membership units are allocated according to the round of investment and agreement made with the company. For example, most investors in round 1 received one membership unit for every \$500 dollars invested or spent on behalf of Gatorbuyback.com. Investors should keep accurate records, stubs, and receipts for the money they give the company. Gatorbuyback.com, LLC will in turn keep accurate records of money received from investors. Percentage ownership in the company will change if dilution is required due to angel investment or venture capital financing. Therefore, actual percentage figures will be maintained electronically at the company. This document, Article V, will be on file with the Florida Department of Corporations. The following individuals will be entitled to membership units, each of which are equivalent to 1% equity, according to the below rounds of investment.
