Article V- Distribution of Membership Units

Each of the following investors in Gatorbuyback.com, L.L.C. will receive membership units that are proportional to the amount of capital that they invest in Gatorbuyback.com. Each membership unit corresponds to 1% of equity in the company. Membership units are currently allocated at the rate of one membership unit for every \$500 dollars invested or spent on behalf of Gatorbuyback.com. The dollar amount necessary to receive a membership unit will decrease in the event that Gatorbuyback.com does not need the budgeted amount of capital to operate in December 2003 and January 2004. This will likely be the case, and the investors listed below will be consulted at the discretion of the company's managers. This decrease in the dollar amount needed to receive a membership unit, 1% of company equity, will drive the investors' break even point down, creating a less risky, more attractive investment for the future. The above changes cannot take place until all startup costs have been incurred in December and the first three weeks of January. At that point, the profits, the amount to be retained for R & D, the amount to be retained for future advertising, and any other site related costs will be evaluated by our accounting department. Investors should keep accurate records, stubs, and receipts for the money they give the company. Gatorbuyback.com will in turn keep accurate records of money received from investors. This document, Article V, will be on file with the Florida Department of Corporations. The following individuals will be entitled to a minimum of 1 membership unit, equivalent to 1% of equity, for every \$500 they invest. Any other names that need to be added to this list will be submitted to the Florida Divisions of Corporations as an amendment to Article V of Gatorbuyback.com, L.L.C.
