To whom it may concern,

This is a statement of fact.

500412155885

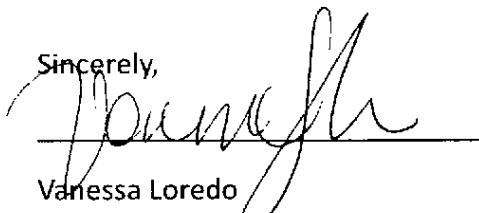

I am the owner of Handyman services LLC, and my company was voluntary dissolved by a person who goes by the name Edward James McKee Jr., he is not nor has ever been an agent or partner of my company and has voluntary dissolved it.

I filed for reinstatement on March 15th 2023 and he dissolved the mentioned company in May of 2023 without my knowledge or consent. I was not aware of this action until a client of mine mentioned it to me and I have been trying to fix the problem at hand.

I would like for this action to be revoked since I did not authorize anyone to dissolve Handyman services LLC. I began this company in 2007 and it would be difficult for myself to make so many changes for all my clients.

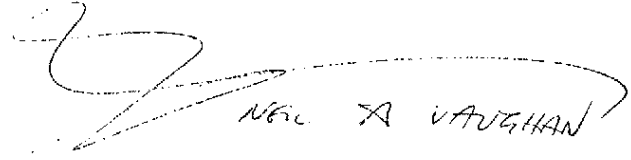

Thank you for taking the time to read this statement.

Sincerely,

Vanessa Loredov
