ARTICLE XI - CONFLICT OF INTEREST

1. No contract or other transaction between a limited liability company and one or more of its members, managers or managing members or any other limited liability company, corporation, firm, association, or entity in which one or more of its members, managers, or managing members are managers, managing members or directors or officers or are financially interested shall be either void or voidable because of such relationship or

interest, because such members, managers, or managing members are present at the meeting of the members, managers, or managing members or a committee thereof which authorizes, approves or ratifies such contract or transaction, or because of their votes are counted for such purposes, if:

A. The fact of such relationship or interest is disclosed or known to the managers or managing members, or committee which authorizes, approves, or ratifies the contract or transaction by a vote or consent sufficient for the purpose without counting the votes or consents of such interested members, managers, or managing members.

B. The fact of such relationship or interest is disclosed or known to the members entitled to vote, they authorize approve, or ratify such contract or transaction by vote or written consent; or

C. The contract or transaction is fair and reasonable as to the limited liability company at the time it is authorized by the managers, managing members, a committee, or the members.

2. For purposes of paragraph 1(A) only, a conflict of interest transaction is authorized, approved, or ratified if it receives the affirmative vote of a majority of the managers or managing members, or of the committee, who have no relationship or interest in the transaction described in subsection 1, but a transaction may not be authorized, approved, or ratified under this section by a single manager of the manager-managed company or

single member limited liability company. If a majority of the managers or managing members who have no such relationship or interest in the transaction vote or authorize, approve, or ratify the transaction, a quorum is present for the purpose of taking action under this section. The presence of, or a vote cast by a manager or managing member with such relationship or interest in the transaction does not affect the validity of any action taken under paragraph 1(A) if the transaction is otherwise authorized, approved, or ratified as provided in that subsection, but such presence or vote of those managers or managing members may be counted for purposes of determining whether the transaction is approved under other sections of this chapter.

3. For purposes of paragraph 1 (B) only, a conflict of interest transaction is authorized, approved, or ratified if it receives the vote of a majority-in-interest of the members entitled to be counted under this subsection. Membership interest owned by or voted under the control of a manager or managing member who has a relationship or interest in the transaction described in subsection 1 may not be counted in a vote of members to determine whether to authorize, approve or ratify a conflict of interest transaction under paragraph 1(B). The vote of those membership interests, however is counted in determining whether the transaction is approved under other sections of this act. A majority-in-interest of the members whether or not present, that are entitled to be counted in a vote on the transaction under this subsection constitutes a quorum for the purposes of taking action
