**Subject:** Wrong Ein # used for Annual Report Filing

I entered the wrong ein number under our document number L09000050181, I put the ein number for our sister business vs. the correct one 27-0679945. I went to back in to amend this but it states it is ready for file no further actions are required. Is there any way I can go in to fix this or will it be kicked back once it notices this is the incorrect ein for this business?
