Subject: New LLC MGRM Address Change

Hello,

I just filed articles of organization for a new Florida LLC online on the SunBiz website, and though I carefully reviewed everything before doing so, I only later realized that I could have - should have - used my business address rather than my home address in my listing as managing member. I know that the file is already submitted and uneditable on my end, but is there any way you could help me out at this point to get it changed without having to have it first go through as is, reveal my home address to all the spam mailers, and then force me to change it later for potentially another fee and with a wait? All I need is to replace the sole listed MGRM's address with the listed principal business address. My payment receipt number is 3547343907, and my document tracking number is 500208991545. My pending LLC name is Hotel Web Design Studio, LLC. Thank you very much for your assistance!
