Attachment  
Amendment to Add

In discharging his or her duties, and in determining what is in the best interests of the limited liability company (the "Company") and its members, a managing member shall not be required to regard any interest, or the interests of any particular group affected by such action, as a dominant or controlling interest or factor.

He or she shall give due consideration to the following factors, including, but not limited to, the long-term prospects and interests of the Company and its members, and the social, economic, legal, or other effects of any action on the current and retired employees, the suppliers and customers of the Company or its subsidiaries, and the communities and society in which the Company or its subsidiaries operate, (collectively, with the members, the "Stakeholders"), together with the short-term, as well as long-term, interests of its members and the effect of the Company's operations (and its subsidiaries' operations) on the environment and the economy of the state, the region and the nation.

Nothing in this Article express or implied, is intended to create or shall create or grant any right in or for any person other than a member, or any cause of action by or for any person other than a member.

Notwithstanding the foregoing, any managing member is entitled to rely upon the definition of "best interests" as set forth above in enforcing his or her rights hereunder and under state law, and such reliance shall not, absent another breach, be construed as a breach of a managing member's fiduciary duty of care, even in the context of a Change in Control Transaction where, as a result of weighing other Stakeholders' interests, a managing member determines to accept an offer, between two competing offers, with a lower price per unit.
