LAV Engineering, LLC., which is requesting to be changed to LAV Engineering, PLLC., is a registered Architecture

and Engineering firm that specializes in construction permit drawings for residential and commercial projects

revolving around the following: deck design, home additions and modifications, wood, steel, and concrete

structures, stormwater pollution prevention plans, beach walkovers, land development, pool design, retaining wall

design, seawall design, beam design... etc.

The reasoning for changing my LLC to a PLLC is due to the fact that I recently became licensed as a Professional

Engineer in the State of New York, and they require all engineering companies to be a PLLC.
