VenturSolutions LLC.

*****LETTER STATEMENT OF FACT*****

Good morning Lee,

My names Anthony Venturino and I am writing to you to state the facts of my concern here. I had created an LLC back in 2016. Somewhere around 2017-2018 another entity had stolen the rights to my corporation. They had amended themselves onto my LLC and then amended myself off the LLC. I had given no authority or permission or had given any written consent to do so. They had used my EIN # for 3 years before creating their own in 2019. Only reason I had come across this is because I had applied for a business loan and when searching sunbiz I had seen what had happened here.

I had spoken to Melanie Sellers Wednesday May 20, 2020. She had worked with me to fix the LLC on sunbiz and I had paid up the annual amendment with her while on the phone.
