Statement of Fact 000413194680

I, Mark Troutwine, was never part of a corporation named Mold X, LLC. This corporation was formed in Florida, by a gentleman named Steven R. Brown. He used an electronic signature, and falsely included my name as the Vice President of this corporation.

I would like to have this issue investigated by any, and all, authorities, as this fraudulent act has caused me extreme personal and professional

hardship.
