This LLC was renewed and altered without my knowledge on 02/22/22.
I believe it to be a fraudulent action as only some info was altered and a certificate of status was ordered. I never order such a document.
I discovered it when I tried to renew myself on 4/03/22.
After a few days I was able to reach an operator at Sunbiz who walked me through on how to correct the situation on 4/11/22.
I do not want to held liable or accountable for any actions taken on behalf of the said corporation using the altered version.

Thank you
