To Whom It May Concern:

This document is to attest that on September 14, 2021 a business named Rental AAA LLC was set up at Sunbiz.org, the website of the State of Florida Division of Corporations, fraudulently using my name, address, and an illegally obtained credit card number. While the Division of Corporations has been notified by American Express that the charge was fraudulent, the business named Rental AAA LLC remains active on the website using my name and address as registered agent and authorized person. At the risk of being redundant, I have nothing to do with this business and it is a fraud. Please don't issue credit or have any other business dealings with Rental AAA LLC.
