To: Division of Corporations, FL
Attn: Directors Office

We have been receiving mail to our home for several years from a fictitious entity that we never created and does not belong to us. **We never consented to the creation of this entity nor the use of our name and address.**

The entity is "Payoff Clearing, INC" or LLC (attached please find the article of incorporation listed in the FL Div of Corporations). The name and address of a "registered agent" who we have no knowledge of is listed in the attached document.

We have received many UPS mailings including checks from unknown entities.

Please assist with shutting down this fictitious entity.

As requested, please find a utility bill from our home address 10440 NW 49th Place Coral Springs, FL 33076

Please let us know if any further information is needed to ultimately dissolve and revoke this fictitious entity and clear our name and address from any association with the entity.

Sincerely,

David J. Levens, MD
