1. The first step is to identify the problem or question that needs to be answered. This involves understanding the context and the specific requirements of the task.

2. Next, it is important to gather relevant information and data. This can be done through research, consultation with experts, or by analyzing existing data sets.

3. Once the information is gathered, the next step is to analyze it. This involves identifying patterns, trends, and relationships that can help in understanding the problem.

4. After analysis, the next step is to develop a solution or plan. This involves identifying the most effective approach to address the problem and outlining the steps to be taken.

5. Finally, the solution is implemented and the results are evaluated. This involves monitoring the progress of the implementation and assessing the effectiveness of the solution in addressing the problem.

**E. Effective date, if other than the date of filing:** \_\_\_\_\_ (optional)

(If an effective date is listed, the date must be specific and cannot be prior to date of filing or more than 90 days after filing.) Pursuant to 605.0207 (3)(b)

**Note:** If the date inserted in this block does not meet the applicable statutory filing requirements, this date will not be listed as the document's effective date on the Department of State's records.

(b) The 90th day after the record is filed.
