To whom it may concern:

My mother Maria Genovese was CEO of a business named 561-Bail Bonds Services LLC and I was named as a Title Manager for the same business.

The business EIN number was 57-4613333.

My mother passed away on December 27, 2019. And the business was closed.

It has come to my attention that someone has recently reinstated the LLC of this company without our consent and named themselves as CEO of said business and has assumed the business address and personal address on documents provided by Sun Biz.

This was an unauthorized action. As per SunBiz.org a person named Stephen Bailey formed this action.

I do not know this person and did not authorize any reinstatement – this is a fraudulent activity and our identities were stolen.

I have dissolved this association with a Sun Biz representative over the phone and was told to send this letter with this explanation to avoid any future issues under my mother's name or my own name.

This Business does not exist anymore. There is no association with this business anymore nor did we turn over this business to any other party. The business was dissolved upon my mother's death.

Please flag this business and personal account – I do not want any further fraud issues associated with my name, my mother's name or our former business – or any of our personal information.

We have filed a report with local authorities and will continue to pursue actions against these illegal activities being conducted in our name.

Please let me know if you need anything else regarding this issue.

Thank you for your timely help with this sensitive situation.
