Good Morning:

One week ago, I was notified there had been a new filing for my PALACE MARLIN LLC entity. PALACE MARLIN is the 100% owner of PALACE PARTNERS LLC.

I have significant reason to believe **fraud is involved** and wrongful effort is underway to deprive me of my ownership in Palace Marlin and thereby steal my position by stealth and misrepresentations...

I was informed on this same day that I am no longer owner of a single share of Palace Marlin and have been terminated as Manager under the guise of a mysterious newly contrived Operating Agreement which was never agreed to by me. Nor have I ever seen the version presented...It is a "cut and paste" fabrication of a con operation.

I spoke on phone to your office on 6/1 right after your notification of change...Spoke to a gentleman named Lee... I was advised to send a notarized letter to your office indicating my suspicions of FRAUD and we could go from there. I herewith present the letter recommended.
