Subject: Fraudulent Activity on Sunbiz Account - San Rocco LLC
Document #- L20000088602

To Whom it May Concern,

This letter is to report fraudulent activity on the Sunbiz account for San Rocco LLC Document #L20000088602.

On June, 2nd, 2024 I discovered that the following unauthorized changes had been made to the account:

1. EIN Number Changed: The original EIN number was unlisted/85-0546409. It has been changed to 92-0867410.
2. Stacy Gilbert and Sarah Gilbert were authorized members added. These members were added to the account without my knowledge or consent.

I am the sole owner of San Rocco LLC and am the ONLY one authorized to manage this account. I believe this unauthorized activity is the result of a security breach/fraud. I am requesting the following:

Reversal of Unauthorized Changes and refund of payment for amendment.

I request that the fraudulent changes to the EIN number and membership list be immediately reversed (I've submitted a new/amended annual report).

I also request an investigation into the security breach and the fraudulent activity on this account as it has hindered business transactions due to the changes made.

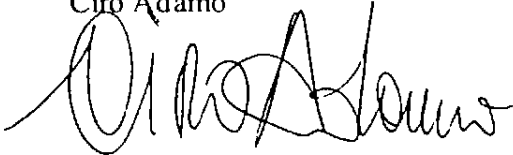

I am also asking for a more secure log in to have future access to especially make changes to my account.

Thank you.

I am available to provide any further information or documentation you may need. Please contact me at
