Dear Jalesa Dennis,

My name is Daniel Trogden and I have been the owner of WA LLC, a handyman business serving customers in the Sarasota County area since September 9th, 2020. We have filed annual reports with The State of Florida since inception and my last report was filed last year on April 12.

On November 10th, 2023, a person unknown to me by the name of Andrea Tonnessen amended my LLC to her business without my knowledge or consent. Then on January 17 of this year, an article of dissolution was filed with the State claiming identity theft, and thus my LLC was locked, preventing me from filing reports with The State or making any legal changes to my business. I believe this action was taken in an erroneous manner and I request resolution to this as soon as possible.

I am requesting that the lock on my LLC be revoked with the opportunity to reinstate it into my name and business that I have run for 4 years. We would appreciate a quick resolution to this matter, and I appreciate the work that you have put into this matter already. Thank you and I hope to put this matter behind me soon.

Sincerely,

Daniel Trogden
