No offer to purchase a Company interest proposed for sale shall be valid unless it is bona fide, in writing and signed by the third party and the Transferring Member (hereinafter referred to as the "third party offer"). In the event the Transferring Member obtains a third party offer to purchase the Company interest proposed for sale, the Transferring Member shall deliver the third party offer to the Company and all the Members and shall reoffer the Company interest proposed for sale to the Company and subsequently to all the Members on the same terms and conditions as contained in the third party offer. The offer to the Company and the Members and the acceptance of such offer by the Company or the Members shall be done as provided in Sub Article 9.4(b) of this Agreement. The Transferring Member's capital account shall be valued as per the books of account of the Company as of the Valuation Date and there shall be added to or subtracted from such amount the Transferring Member's proportionate share of the Company's net profits or net losses for the period up to and including the Valuation Date.
- b. Adjustments to Capital Account. The amount determined in Sub Article 9.5(a) of this Agreement shall then be adjusted up or down to reflect the Transferring Member's proportionate share of the difference between the fair market value of the Company's real property, stocks, securities and equity interests in other entities, if any, and the book value of such Company property on the Valuation Date. If the parties cannot agree with respect to the fair market value of such Company property, the matter shall be settled by arbitration in the manner provided in Sub Article 11.12 of this Agreement, with one (1) arbitrator to be selected by the Members other than the Transferring Member, one (1) arbitrator to be selected by the Transferring Member or his personal representative, as the case may be, and the third arbitrator, who shall be a person who is experienced in the appraisal of property of the kind being valued, shall be selected by the first two (2) arbitrators. The decision of the arbitrators as to the fair market value of such property shall be final and binding upon the parties. If the arbitrators cannot agree on the fair market value of such property, then the decision of the third arbitrator (Le, the one selected by the first two (2) arbitrators) shall control.
- c. Valuation Date. The term "Valuation Date" as used in this Sub Article 9.5 of this Agreement refers to the last day of the calendar month immediately preceding the date the Company interest proposed for sale is offered for sale by the Transferring Member to the Company and the Members as provided in Sub Article 9.4(a) of this Agreement.
- d. Third Party Offer. Notwithstanding anything contained in this Sub Article 9.5 of this Agreement to the contrary, if the purchase of the Company interest proposed for sale is the result of an exercise of a right of first refusal by the Company as provided in Sub Article 9.4(d) of this Agreement, then the purchase price shall be the price set forth in the third party offer.

9.6 Payment Terms and Conditions. The payment of the purchase price provided for in Sub Article 9.5 of this Agreement shall be paid by the Company to the Transferring Member as follows:

- a. Cash Payment. Ten percent (10) of the purchase price provided for in Sub Article 9.5 of this Agreement shall be paid in cash, certified check, attorneys' check or other immediately available funds on the settlement date.
- b. Promissory Note. The balance of the purchase price provided for in Sub Article 9.5 of this Agreement shall be paid in the form of a promissory note for said sum (the "Promissory Note"), to be amortized with equal monthly payments of principal and interest over a term of five (5) years. The first payment on the Promissory Note shall be made on the first day of the second calendar month immediately following the settlement date, and payments of principal and interest shall continue on the first day of each calendar month thereafter for an additional fifty-nine (59) calendar months, when the entire unpaid balance of principal, together with all accrued and unpaid interest thereon, shall be fully due and payable. The interest to be paid on the Promissory Note shall be fixed at the lowest simple interest rate specified under Article 483 (or any successor Articles) of the Internal Revenue Code of 1986, as amended, required to be charged in order to avoid the imposition of "unstated interest". At the end of each calendar year during the term of the Promissory Note, the rate of interest to be paid on the Promissory Note shall be adjusted for the new calendar year to be fixed at the lowest simple interest rate specified under Article 483 (or any successor Articles) of the Internal Revenue Code of 1986, as amended, required to be charged in order to avoid the imposition of "unstated interest". All or any part of the Promissory Note may be prepaid at any time, and from time to time, without penalty.
- c. Additional Provisions for Promissory Note. In addition to the provisions set forth in Sub Article 9.6(b) of this Agreement, the Promissory Note shall also provide for the following: (i) if the maker of the Promissory Note is the Company, a provision requiring the joint and several personal guaranty of all of the Members other than the Transferring Member; (ii) if the maker of the Promissory Note are the Members, a provision requiring the guaranty of the Company; (iii) a provision for the Confession of Judgment against the maker of the Promissory Note and the Guarantor(s); (iv) a provision requiring the payment of the entire unpaid principal balance of the Promissory Note, and all accrued and unpaid interest thereon, in the event there is a sale or exchange of substantially all of the Company property or substantially all of the Company interests of the Members, as the case may be; and (v)

a provision requiring the payment of a five (5) percent late penalty for any payment more than fifteen (15) days overdue.

- d. Security for Promissory Note. The Promissory Note or the Guaranty, whichever is made by the Company, shall be secured by (i) a mortgage on the real property of the Company, if any, subordinate only to mortgage liens outstanding at the time of the purchase of the Company interest proposed for sale and/or (ii) a security interest in the personal property of the Company, if any, subordinate only to security interests outstanding at the time of the purchase of the Company interest proposed for sale, as the case may be. The aforesaid mortgage lien and/or security interest shall be equal in priority to any lien previously placed on such property as a result of a prior purchase of a Company interest proposed for sale under this Agreement, except that the Company shall not be required to grant a mortgage lien and/or security interest to any Transferring Member if that would cause a default under any existing mortgage, loan agreement, or security agreement to which the Company is a party or promissory note of which the Company is the maker. The Company shall take all reasonable steps necessary to secure the approvals of all other parties to such instruments to permit it to mortgage its real property or grant a security interest in its personal property without causing a default under such instruments.
- e. Third Party Offer. Notwithstanding anything contained in this Sub Article 9.6 of this Agreement to the contrary, if the purchase of the Company interest proposed for sale is the result of an exercise of a right of first refusal by the Company as provided in Sub Article 9.4(d) of this Agreement, then the terms for the payment of the purchase price shall be those set forth in the third party offer.

9.7 Involuntary Transfer; Option to Purchase by Company. In the event that a Member discontinues being employed by the Company or Member's (hereinafter referred to as the "Transferring Member") interest is transferred other than as provided in Sub Article 9.4 of this Agreement (hereinafter referred to as the "Event of Transfer"), the Company shall have the option for a period of six (6) months after the date of the Event of Transfer to purchase all or any part of the Company interest owned at any time during such six (6) month period by the Transferring Member. In the event the Company does not elect to exercise its option within such six (6) month period, then all the Members shall be entitled to exercise such option either prorate among themselves or as they otherwise mutually agree in writing within an additional six (6) month period. The purchase price for the Transferring Member's Company interest shall be determined in the same manner as set forth in Sub Article 9.5 of this Agreement, except that the "Valuation Oaten" shall be the last day of the calendar month immediately preceding the date the Company exercises its option or the Members exercise their option to purchase the Transferring Member's Company interest, and the terms and conditions for payment

of this purchase price shall be determined in the same manner as set forth in Sub Article 9.6 of this Agreement.

9.8 Permitted Transfers. Notwithstanding anything contained in this Agreement to the contrary, a Member shall have the right to transfer all or any part of his Company interest to another Member or to a transferee that bears one of the following relationships to the transferring Member: a spouse, a lineal descendant or a trust created for the exclusive benefit of the transferring Member, the transferring Member's spouse and/or the transferring Member's lineal descendant(s).

9.9 Percentage of Limitations or Transfers. Notwithstanding any other provision of this Agreement to the contrary, the Company shall not be required to recognize any transfer of a Company interest if the transfer, when considered with other transfers of Company interests made within the period of twelve (12) consecutive calendar months prior thereto, would constitute a sale or exchange of fifty percent (50) or more of the total Company interest and result in the tax termination of the Company under Article 708(b) of the Internal Revenue Code of 1986, as amended.

9.10 Costs and Expenses of Transfer. The Transferring Member shall pay all costs and expenses incurred by the Company in connection with any transfer of a Company interest pursuant to this Article IX of this Agreement and/or another person's becoming a Member of the Company or an assignee of a Member of the Company, including, but not limited to, all filing, recording and publishing costs and reasonable attorneys' fees and disbursements.

In the event a Member has a deficit balance in his capital account at the time of the dissolution of the Company, that Member shall be required to contribute sufficient capital to the Company within thirty (3) days of the date of the dissolution of the Company to eliminate the deficit balance in his capital account.

10.5 Priority of Distributions. Distributions in liquidation of the Company shall be made in the following order:

10.6 Payment of Claims. Upon the dissolution of the Company, the Company shall pay or make reasonable provisions to pay all claims and obligations of the Company, including all contingent, conditional or unmeasured claims and obligations, known to the Company and all claims and obligations which are known to the Company, but for which the identity of the claimant is unknown. If the Company has sufficient assets, such claims and obligations shall be paid in full and any such provision for payment made shall be made in full. If there are insufficient assets, such claims and obligations shall be paid or provided for according to their priority and, among claims and obligations of equal priority, ratably to the extent of the assets available therefore. Any remaining Company assets shall be distributed as provided in Sub Article 10.5 of this Agreement.

10.7 Distributions in Kind. No Member may demand or receive property other than cash in return for his contributions, loans or advances to the Company or upon distribution or dissolution from the Company as provided herein; provided, however, that in the event that all of the Members at the time of dissolution so determine, it shall not be necessary to liquidate all of the property of the Company; but the property which shall not be required to be liquidated to satisfy the categories of distribution described in Sub Article 10.5 of this Agreement may be distributed in kind, including, but not limited to, undivided interests in such property, whether or not like property is distributed to each Member.
