Dear: the State of New York...

I have been needed to write to you to report that I have recently been a victim of fraud by a company called Microtek they hired me to assist client transaction for IT Software Services. After training they decided to make me head of the virtual office of Florida they wanted me to open 2 business accounts in the state of Florida I did not know they wanted to proceed to put me on a LLC with a total different name as sole proprietor of the business for a total different name business called UCC group LLC. I was given the filed document to my email by the manager. I was not comfortable with this due to having not only my name on this business LLC but also my personal information including my personal phone number and address. Please to remove my name and the UCC group LLC filing as it is done fraudulently and not a real business. I confronted the person that was to be the manager and he quickly took down all chat conversations and the registered portal. Once found that I knew he was a fake. I do not want this business registered. They need to be stopped. Also to request that my name be taken off of the LLC for the State of New York Thank you. You can contact me by Phone... or by email Kkintour.032@gmail.com thank you.
