Statement of Fact

600435144906

I am writing to formally dispute the existence of multiple businesses registered in my name, which I believe have been established fraudulently:

1. Allure Attire LLC – Registration #: L24000351649
2. Twilight Echo LLC – Registration #: L24000441709

I have no knowledge of or involvement in the creation of these businesses. I did not authorize anyone to use my name, personal information, or any related documentation to register these businesses.

Please provide me with any documentation associated with this business registration, including but not limited to, the application form, identification used, and any signatures provided. I request that you take immediate action to investigate this matter and rectify any records to reflect that I am not associated with these businesses in any capacity.

Thank you for your prompt attention to this serious issue.

Sincerely,
