14. I believed, I said, that the statements supplied with the map were significantly false and untrue, not only for the reasons stated in paragraph 13 but also because I believed, I thought, that the statements indicated a "second request" or "additional request" to the United States, and that the implication that there was some request other than the one requested in paragraph 13 was, in itself, a distortion of the facts and a distortion of the true nature of the request as reported by Commander Leland. I believed, I said, that my opinion was based on the fact that the "second" or "additional" request was not made.
