Dear Postal Customer,

The enclosed was found loose in the mail or has been damaged in handling in the Postal Service.

We realize your mail is important and you have every right to expect it to be delivered intact and in good condition. The Postal Service makes every effort to properly handle the mail entrusted to it but due to the large volume, occasional damage may occur.

When a Post Office handles in excess of two million pieces of mail daily, it is imperative that mechanical methods be used to maintain production and ensure prompt delivery of the mail. Damage can occur if mail is insecurely enveloped or bulky contents are enclosed. As a result, machinery may become jammed causing damage to other mailpieces that were properly prepared.

We are constantly striving to improve our processing methods to assure that an occurrence such as the enclosed can be eliminated. We appreciate your concern over the handling of your mail and sincerely regret the inconvenience you have experienced.
