The Children that have reached ages thirteen through nineteen are no longer a child, but, they are not adults either. They have a special need to find their place in this generation in which they are born. This is a confused generation of younger people who are seeking answeres to their lives. Question like, " WHO AM I ? WHERE DO I FIT IN ? WHAT AM I TO DO ? WHAT AM I HERE FOR WHERE IS MY PLACE, SPACE, AND TIME ? WHO CARES ? They expects us who say we know the way, and tells them to trust our system and society to have these answeres; so we are giving them some answeres that will minimize their anxieties of the society that seem to be out of their reach. our goal is to reach as many of these young people as possible with some positive answeres and focuses. And with great hope to bring faith back to family lives, between parents and children, especially, the teenagers who seem to have lost their way and the parents that feel there is nothing more they can do. We want to give our younger people whose mind is not open with understanding of their surroundings or what they should be doing in our society a sirring of the gifts that is in themselves, so they can feel their self worth and fill in the gap with their own self worth. aleviating any dependency of others owing them something, but, it is ourselves that owe it to ourselves, to try to make life worth living. etc.
