The Dexter Jackson Foundation is a national non-profit volunteer organization in which we empower the underprivileged and at risk youth toward life-long personal growth through educational and extra-curricular activities.

It is our desire to create in these young adults a sincere caring and belief in themselves through open, straightforward counseling, educational programs and sports activities, therefore helping them acquire the life skills necessary to become effective members of their community. The Dexter Jackson Foundation is a qualified IRS 501(C)(3) Nonprofit Organization

Vision

Improve the lives of Jacksonville's youth by mentoring and leading by example through educational and sports activities.

Mission

The Dexter Jackson Foundation strives to empower and enrich the lives of underprivileged youths by creating unique fundraising and awareness opportunities, mobilizing support

from all sectors and building a network of support from businesses in Jacksonville

A major program objective is the use of education and recreational activities to help our kids grow in a positive life direction. Through education and sports we are able to reach them and help them become responsible adults. We offer positive situations, and positive role models, as realistic and attainable alternatives rather than hopeless situations. Through meetings, counseling sessions, and various sports activities we learn and are able to strongly and positively impact the youth and young adults. We are then able to lead them in positive directions, help them in school and in dealing with, and growing from, the diverse cultures, races, and religions in our community. Through family meetings, meetings with school personnel, and with our youth leaders, we are able to make learning positive, and positively impact the overall growth process and the community. Our older teenagers will serve a very important role in this process; through them our younger members see the positive results of hard work, discipline and dedication to a positive and attainable goal.

OBJECTIVES FOR 2001

1. Raise money in order to be able to accomplish the achievements set up by the Dexter Jackson Foundation, thereby aiding the development of the children involved in the program.
2. To be proactive in attacking the self-destructive poisons of drugs, racisms, street violence, and overall poor education.
3. To do the most with the available resources.
