The specific purpose(s) for which the corporation is organized (are): founded to provide emotional support to women confronted with crisis pregnancies by helping them find solutions to distressing circumstances causing them to feel they have "no choice" but abortion. We also help women facing unexpected pregnancy understand and realistically examine their desires, options, resources and responsibilities during this time of one of the most important and life changing decisions they will ever make. In addition, we are dedicated to help individuals heal emotionally from post-abortion syndrome. By giving support and understanding, the individuals can be released from the emotional pain, guilt or anger relating to the abortion and begin to experience true peace. Our commitment is to assist hurting women through counseling, to provide accurate information regarding prenatal development, pregnancy and abortion. As with all surgeries, abortion has hidden dangers with physical and emotional scars, that cannot be eliminated. Therefore, we offer support services during their time of crisis, and at the same time, be an advocate for the unborn child.
