New Horizon 4 youth & Families. 3rd Amendment –
1- Success Network of Christian Entrepreneurs

Objective : Equip the believers for special services.

This particular branch of the organization was created to help in the development of Christian entrepreneurship across churches and other organized social groups in order to improve their quality of life. This platform exists for a better management and supervision of Christian enterprises so their leader can serve Christ and other people with fairness, integrity and excellence.

Vision : Establish a community of believers worldwide

We try to implement a global community of professional believers that are trustworthy, reliable, eager to serve, and faithful to Christ.

Mission : Strengthen the Christ believers for a maximum impact

Our mission is to provide to the Christians necessary means allowing them to accomplish dependable connections and high quality services to help them maximize their impact on the market.

2-DELIVERANCE BY FAITH is one of the biggest branches of New Horizon 4 Youth and Families, which is a nonprofit international organization recognized by the state of Florida and that operates in the States Unis and in Haiti.

Objective: Develop a platform of local and virtual churches

This particular branch of the organization was created to join together different assemblies, religious groups, and institutions around this common dream which is: « the integral development of christian through prayer, good health, education and job opportunity »

Vision: Bringing souls to Christ

Establish new churches and supervise the current ones, coordinate worship services, organize mission trips, crusades, missionary tours, seminars, fasting services, and other activities enabling them to live better and for the progress of the Kingdom of God

Mission: Promote the establishment of a prosperous christian community.

We are a group of bishops, pastors, of

theologians, of professionals, maidservants and christian attendants
living in mostly in different cities of the
States Unis and in other countries of the earth,
trying to help others to maintain a
better relationship with the Almighty God by
the apprenticeship and the application of His word.

« Beloved, I pray that in every way you may prosper and enjoy good health, as your soul also prospers» 3Jean1-2

3-Health – Care of Health « Key of life. »

Objective: This is a branch of the organization that is designed not only to provide education and preventive treatment of diseases such as cancer and AIDS but also will aim for setting up structures such as hospital complexes, health centers, teaching hospitals or even community pharmacies and medical laboratories etc.

Vision: Bringing progress and prosperity by health. A population in good health will be strong and prosperous.

Its mission –Providing preventive and curative treatment. Taking care of all social categories, notably the most underprivileged individuals.

4- Youth Training and Education. **Objective:** A well-formed and well educated youth is a good asset for future. With a galloping demography, soon of 15 million inhabitants, Haiti will find it difficult to face the obligation to properly train and educate the youth due to professional insufficiency, training centers and schools of the three levels of education. To reduce this insufficiency, New Horizon 4 Youth and Families Haiti decided to create this branch to contribute to the training and education of the Haitian youth.

Vision: Take charge today of tomorrow's women and men to help in the development of this country.

Its mission: Establish schools, professional training centers, and universities, wherever there is a need.

5-Habitat for all. Objective: Before the seism, Haiti was facing a particular issue related to housing shortage without emphasizing on the quality. But, from the seism, this crisis of accommodation became more evident. Today, many families of the middle class and those from the underprivileged class category live in houses with no comfort, no running water, nor electricity.

Vision: Allowing these families to live in a better environment so they can grow, develop, and prosper, especially the youngest ones.

Mission: Build houses and provide accommodation for those who are homeless and some families that are unable to regain a financial stability after the seism.

6-Agricultural Relaunch – Objective: The sector of agriculture should be the backbone of the economy of our country, which is based primarily on farming and gardening. However, agriculture had been neglected for too long or not being considered as the pillar to rebound its economy.

Nowadays, they import even the food supplies, fruits and vegetables, what makes the needle of the trade balance very inactive. Local fishing professionals do not aquatic resources. The stock becomes thinner, very few per square kilometer. The vast majority of the population is undernourished or uses neither meat, nor fish, for being unable to buy them. A lot of crops perish, due to lack of means to transport or to transform them. The agro-industry is not much developed in Haiti. All this insufficiency reinforces New Horizon 4 Youth and Families in the determination to take part actively in the revitalization of agricultural activities.

Vision: Encourage agricultural activities to enhance national productions. Reduce the country's dependency on other foreign countries regarding agriculture.

Mission: Set up all technical strategies, tillage, and financial to restart agricultural production. Develop fishing, animal breeding and establish factory for food transformation.

With these six segments of activities, New Horizon 4 Youth and Families fills the act of faith perfectly to contribute to the fundamental needs of the population that will enable them to face more efficiently the numerous challenges of the daily life.
